NAR Sports Education has over 40 years experience of delivering primary sport, our vision is to inspire the next generation to be active and develop important social and life skills. Our programme is available to every primary school in England and Wales, it inspires girls and boys aged between 5 and 11 in the classroom, the playground and on the sports field.

Adam and the team work with teachers to deliver fun, educational sessions in a range of subjects within local partner schools. This booklet outlines our continual professional development programme and innovative delivery in PE, English, Maths & PSHE.

All our bespoke plans are impact driven and staff use a variety of methods to ensure we are able to demonstrate the positive changes our delivery has on the pupils we work with. All staff delivering our programme have completed, or are working towards their AfPE level 3 qualification as well as having a minimum of one level 2 sports coaching qualification and an enhanced DBS.
